

## GIRLS' GUIDE TO A GREAT FIT

How to order the right size, first try.

1. Kids grow fast, so measure your child every time you buy.
2. Remove bulky or heavy layers.
3. Begin with height, it's the best indicator to determine a child's size.
4. After height, a child's weight and/or waist measurement is the best gauge if your child needs an extended size (slim or plus).

How do I know if my child needs an extended size? 1. If you normally buy her a size 12 to fit her waist, but the inseam is always too long, she may need a 10 Plus (10+). Here's why: a 10+ will give her extra room around her waist, yet has a shorter inseam, for a better overall fit in the waist and length.
2. If you normally buy her a size 12 to fit her waist, but the inseam is always too short, she may need a 14 Slim (14S). Here's why: a 14 S is slimmer through the waist, yet has a longer inseam, for a better overall fit in waist and length.
*Be sure to compare her measurements with the size chart as she may need a different size in a slim or plus than her regular size.

## REMEMBER! Start with height.

Height: Child should stand in stocking feet, with feet shoulder-width
 apart, back to a wall. Measure from floor to crown of head.

Waist: Measure at the natural waistline. Have child bend to the side. Where the body curves is the natural waistline.
For tips on fitting a blazer, see the Women's fit guide.

## MEN'S GUIDE TO A GREAT FIT

## MEN'S SHIRTS/BLAZERS

Neck: Measure around midpoint of the neck. Put a finger inside the tape when measuring to allow for a comfortable fit.

Chest: Measure around the fullest part of your chest at the armpits, keeping the tape parallel to the floor. (Subtract $1^{1 "}$ if you are measuring over clothes.)

Arm: Place hand on hip. Start at center back of your neck, measure across the shoulder to the elbow and down to the wrist.

Overarm (for Blazers): With your upper arms flat at your sides, measure around your chest and arms. If this measurement is 7 or more inches larger than your chest measurement, order the next size up for a better fit.

Sport Shirt/Blazer size range: Use your chest and arm measurements to determine which size range to order.

## MEN'S PANTS

Waist: Remove your belt and bend to your side. Where your body curves is your natural waist. Measure here even if you wear your pants lower. (Subtract 1" if you are measuring over clothes.)

Pants Length (Inseam): Start where the insides of your legs meet and measure down the inner leg seam of your pants to your hem, or measure the inseam on your favorite pair of pants.

## BLAZER FIT TIPS

When you try on a blazer, shirt sleeves should end $1 / 2$ " to 1 " past the blazer sleeves. The length should cover the backside and the collar should reveal about $1 / 2$ " of your shirt collar.
