

### **REFERRAL PROGRAM**

We're looking for more families just like yours....families who want to see their children's minds *and* faith strengthened, families with children who will thrive as they discover their God-given gifts, and families who will lean into all that CHCA offers. You know families like this....they are your friends, neighbors and colleagues and now there's a way for you to offset your tuition investment by referring these families to CHCA!

It's simple and it benefits both your family and the family you refer. **The benefit for you:** receive a \$500 tuition credit for each new student you refer who enrolls for the next year. **The benefit for them:** CHCA waives the \$100/student application fee when they tell us they were referred.

Just a few guidelines:

- ✓ Tell your friends to let the Admissions Office know that you referred them to CHCA.
- ✓ At the time of enrollment, new families must provide the CHCA referring family name to receive the tuition credit for each enrolling student.
- ✓ Your tuition credit will be applied to your tuition invoice at the start of the upcoming school year.
- ✓ The credit is earned only for students who enroll. (All families considering CHCA complete our admission process, but not all families who apply will be admitted or choose to enroll.)

We hope you take advantage of this bonus so that together we can benefit from bringing families to CHCA.
